The first-quarter plan for capital investment in the oblast as a whole was fulfilled 140 percent. In the first quarter, the Petrovskiy Glass Plant of the Ministry of Light Industry was completed and put into operation. More than 4,000 square meters of housing were built and made ready for occupancy. Twenty enterprises and construction projects fulfilled and exceeded the first-quarter capital investment plan. The "Soyuzplavik" Trust, "Zabaykalskiy" Trust, the Zavitinskoye and Onon Mine Administrations were the most successful in meeting construction plans. The following failed to complete the first-quarter plan: Oblast Communal Economy, Oblast Fuel Administration, and electrical machinery plant, all of which completed only 15 - 20 percent of their plans.

Zabaykal'skiy Rabochiy, No 78, 22 Apr 49

Industry in the city of Chita completed the first-quarter gross-production plan, but 20 out of 50 enterprises in the city failed to meet the plan. The locomotive and railroad car repair plant failed to complete some parts of the plan and Chita Station No 1 permitted idleness of railroad cars above the norm. The heat and power plant, the Torm Mine, shoe factory, City Industrial Combine, City Industrial Union, and the fur-processing plant operated unsatisfactorily in the first quarter.
